

Dear NJ TI:ME members:

I hope that you can join us for our 4th Annual State In-Service on October 12th at East Brunswick High School. Since many schools have designated this as an in-service day, we are hoping you can spend it with us!

We have a great day planned, highlighted by a keynote address (via video conference) from David Williams. David is a national leader in technology-based music education, a member of the national TI:ME board, and co-author of the book "Experiencing Music Technology." The day will be full of informative sessions by Amy Burns, VJ Manzo, Steve Lucas, Marjorie LoPresti and others.

To register, mail payment to:

Best wishes,
